“We’re not new at this so we won’t be experimenting with your grad.”

This means you can concentrate on not square gating and your family can relax and enjoy the day knowing that getting the best photos is in good hands!

Professional and experienced Victoria Police grad photographers!

It’s a privilege and our pleasure to have been the official Victoria Police Graduation Photographers since 2008. We know the process inside out now so we won’t be experimenting with your grad. Photographing your grad is not just another photography service we offer, it’s our core business, it’s our priority which means the success of grad day is as important to us as it is to you!

Whether it’s receiving your certificate, meeting the Chief Commissioner to receive your ‘Freddy’ or the marching action in between, we know what to expect so we’ll be right there to get all the best shots.

No confusing packages!

Our systems are easy and flexible so you can order a package that suits your needs, not ours. We understand that each of your family members may have different tastes. This is why we have created 4 unique individual frame items and 6 possible colour combinations to ensure no one has to take what they’re given. Choose the style you like with the look you want.

More than just grad day!

With more than 40+ grads under our belt now we know that grad day is only the beginning of our service to you. Within a few days of your grad we will have sorted 2000+ images in to easy to navigate folders and each individual graduate will have their own personal album containing all of their personal highlight shots.

We know you’ll be busy once you get to your station and you won’t want to have to make an appointment to visit our office on a rest day in order to see your photos. This is why we’ve developed a private online ordering system specifically for your grad photos. You and your family will be able to take your time and select the right photos for your frames from the convenience of your own home, and at a time that suits you, not us. You’ll be able to submit your photo selection online so we can get cracking on creating your frames right away. Of course we’ll put the kettle on if you prefer to visit our office to pick your photos!

We take your trust and privacy very seriously. Photos can not be found via internet search, our system is private, requires registration & unique access codes & all visits are monitored.

The finished product!

Our turn around time is fast! The sooner you select your photos the sooner we can create your finished product!

We will send your frames in our custom made packaging via Australia Post Registered Courier Service. Your frames are fully insured, so in the unlikely event of a problem, we simply fix it. We’ve even had parents from overseas select their photos from home and we’ve shipped the finished customs frames right to their door step! Of course, if you prefer, you’re welcome to collect your finished frames from our Bayswater North office.

How to book Kerry for your grad?

We know you’ll have a lot on your plate in the weeks before graduating so we’ll organise everything. We’ve done this plenty of times before. All you need to do is let us know you want Kerry to be your grad photographer. We normally start with a presentation to the squads so we can show you samples of our custom frames, explain what to expect on grad day and of course answer any questions you may have. Simply call us a we’ll get the ball rolling so you have one less thing to worry about before grad day!

Hi Kerry,

we received our son James’s police graduation photo package (graduated 23 Dec 2010) and wish to pass on to you that we are absolutely thrilled with the framed memento collages, the quality is superb! And, we found your whole process to be streamline and easy to follow, and to also feel very personal as well, from ordering to the selection of photos and the delivery, well done! Thank you for giving us such a beautiful lasting memento of a very proud day for our family.

Regards,
Kelly & Geoff
